Special Purchase

Artistic Filet Curtains
We have just made a remarkable curtain purchase, in view of the rising market. The manufacturer closed out his stock at 25% off his original prices, and made a special concession to us of

33⅓% Off These Clearance Prices

There are window and sash curtains, panel curtains and curtain goods by the yard; all of matching patterns in several designs. They are of a kind and quality to grace the finest homes, and that are sought for such homes at much higher prices. But prices are even lower than those paid for ordinary goods. The net is filet weave and the lace edges and lace corner motifs copies of real laces might easily be thought hand made. We bought in advance of the new tariff, and we advise you to take advantage of this fact and buy now.
